

PRE3208-AD 1-10V Analogue Dimming Mini Batten Mount PIR

Prefect

Prefect Product File

Key features.

- Rating (at 230V AC) 50Hz Load: 2A fluorescent, incandescent, low energy lighting, low voltage lighting (switching primary of transformer) switch SON lighting loads via an appropriately rated contactor
- Connections: Live, Neutral, Live Out Dim+, Dim-
- Integrated unit: no separate power supply required
- IP65 Rated
- Movement detection up to 7 meters high
- Suitable for a wide range of luminaires
- 1-10V analogue dimming
- Supplied with comprehensive fitting kit
- 1000mm cable length supplied
- 5 year warranty

The PRE3208 miniature PIR has been specifically designed for mounting onto a batten style luminaire. The PRE3208 is IP65 rated and is therefore suitable for outdoor use as well as wet and wash-down areas.

The PRE3208 is also available as direct dim (PRE3208-DD) and analogue dim (PRE3208-AD) variants. The direct dim variant controls DALI or DSI digital dimming ballasts, whilst the analogue dim variant controls 1-10V dimming ballasts. A 110V version is also available upon request. All functionality is fully programmable using either the PRE5901 or PRE5903 programming handsets.

Prefect Controls specialize in the automatic control of heating, lighting, and ventilation systems. We offer simple, energy efficient solutions which will save money on heating and lighting in new buildings and in existing properties. Why pay higher gas and electricity bills than you need to? **Call us to see how we could help you to cut your energy costs by up to 50%**
